

Please use the below goals when providing a description of the project in relation to the goals of the IJA and the LRTP 2045. If you have any questions, please contact staff at funding@tricountyrpc.org.

IJA National Goals

Safety - To achieve a significant reduction in traffic fatalities and serious injuries on all public roads.

Infrastructure Condition - To maintain the highway infrastructure asset system in a state of good repair.

Congestion Reduction - To achieve a significant reduction in congestion on the National Highway System.

System Reliability - To improve the efficiency of the surface transportation system.

Freight Movement and Economic Vitality - To improve the National Highway Freight Network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development.

Environmental Sustainability - To enhance the performance of the transportation system while protecting and enhancing the natural environment.

Reduced Project Delivery Delays - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

LRTP 2045 Goals

Mobility & Connectivity - Enable people, goods, and information to travel efficiently throughout, to, and from our region.

Public Health - Promote active, healthy living in our region by striving for safety, security, and accessibility in our transportation system.

Economy - Maintain a transportation system that builds prosperity throughout our region.

Freight - Provide strategic direction for freight movements to, from, and within our region's transportation system.

Environment - Support the preservation of natural resources, build environmental resiliency, and improve quality of life through our transportation decisions.
