Hello,

Peoria County is preparing to update the Peoria County Multi-Jurisdictional Multi-Hazard Mitigation Plan and wants the public's input in the planning process. A public kickoff meeting is scheduled for February 1st at 5:30pm at the Tri-County Regional Planning Commission Office/Conference Room (456 Fulton St., Suite 401, Peoria, IL 61602). Public input will help the planning committee to identify flood risks, understand local vulnerabilities, and select appropriate and achievable mitigation strategies to protect Peoria County and its residents from flood impacts. You may also attend the meeting virtually using this link: <https://us06web.zoom.us/j/81738410305>

The planning committee, which consists of County and jurisdictional staff, residents, and stakeholders, hopes that residents and stakeholders will provide additional input and information about local flood risk and to support the planning process. Individuals who cannot attend the public meeting but would like to provide feedback to the planning committee can complete the public survey, available <https://forms.office.com/r/WLDBKQgfQk>.

Comments, data, and other input for the planning committee to consider can also be sent to the planning consultant, Cindy Popplewell with WSP USA Environment & Infrastructure, at cindy.popplewell@wsp.com.

Thank you,

Reema
