

# Request for Proposal For Traffic Signal Asset Management Plan

Tri-County Regional Planning Commission  
456 Fulton Street, Suite 401  
Peoria, Illinois 61602

Procurement # 2025-02  
Issued Date: Friday, June 28, 2024  
Question Deadline: Wednesday, July 17, 2024, at 3:30 p.m.  
Response Deadline: Monday, July 22, 2024, at noon

## Notice to Consulting Firms

Tri-County Regional Planning Commission (TCRPC or Tri-County), a regional planning agency serving Peoria, Tazewell, and Woodford counties in Illinois, seeks to collaborate with a qualified firm to provide professional services to assist with the development of a locally controlled Traffic Signal Asset Management Plan. Tri-County seeks responses from interested and qualified firms to provide these services.

Qualified Firms shall provide services based on the project description and requirements outlined in *Section 2.0 Project Description*. To submit questions related to this procurement opportunity, contact Tri-County staff in writing at [rfp@tricityrpc.org](mailto:rfp@tricityrpc.org); or 456 Fulton Street, Suite 401, Peoria, IL 61602.

Sealed submissions identified as *Traffic Signal Asset Management Plan*, are due to the TCRPC office located at 456 Fulton Street, Suite 401, Peoria, Illinois 61602, **no later than noon on Monday, July 22, 2024**. Submissions received after that date and time will not be eligible for consideration. Proposals should be no more than 20 pages in length and include two hard copies and one digital copy.

Tri-County reserves the right to reject any or all submissions, waive informality and irregularities in the submissions, and select the firm that is in the best interest of TCRPC and in compliance with the terms set forth herein.

Tri-County is an Equal Opportunity Employer and invites Minority and Women-Owned Firms to submit.

## **1.0 Project Background**

Tri-County Regional Planning Commission (TCRPC or Tri-County) of Peoria, Illinois proudly serves Peoria, Tazewell, and Woodford counties as the “Steward of the Regional Vision.” TCRPC studies the needs and conditions of the region and develops strategies that enhance the area's communities. Tri-County offers a forum for leaders of area government to define regional issues, set regional goals, and cooperatively implement plans.

Tri-County is the Metropolitan Planning Organization (MPO) for the Peoria-Pekin urbanized area. As the MPO, TCRPC conducts the continuing, cooperative, and comprehensive (3-C) transportation planning process required by law. Tri-County carries out this process by preparing regional plans and programs with the assistance of an MPO Technical Committee.

Tri-County recognizes that data is fundamental to an effective and valuable regional planning process. As the MPO, we strive to collaborate with local jurisdictions to bolster regional transportation initiatives, preserve infrastructure, and create a positive atmosphere for active transportation. However, the missing piece is the systematic collection of data to create a foundation for successful planning. To close this gap, TCRPC proposes a regional inventory of locally controlled traffic control devices.

In 2023, Tri-County transitioned its Travel Demand Model (TDM) to an Activity-Based Travel Demand Model (ABM) in TransCAD. The transition to an ABM allows TCRPC to move from trip-based predictions to activity-based predictions by forecasting the demand for people’s requirements to participate in various activities. This process resulted in updating Tri-County’s transportation network, which required updated information on transportation assets, such as an inventory of traffic signals and their corresponding timing plans. This process revealed a need for a local traffic signal asset management plan and the extraction of up-to-date timing information for each signal.

## **2.0 Project Description**

Tri-County is seeking Proposals from interested and qualified firms for the development of a locally controlled Traffic Signal Asset Management Plan (TSAMP). The proposals should include a collection of the locally controlled traffic signal timing for the integration in the 2023 Tri-County ABM utilizing the TransCAD software.

Tri-County has a total of \$430,000, with \$344,000 from the Illinois Department of Transportation (IDOT) Statewide Planning and Research (SPR) program and \$86,000 in local funding for this project. It is requested that interested Firms supply proposals outlining how to best utilize this funding to meet TCRPC's needs in developing a

TSAMP for locally controlled signals and integrating updated signal timing plans in the ABM.

The TSAMP will include an inventory of local agency-controlled traffic signals within the Tri-County Metropolitan Planning Area (MPA). The inventory will include developing a geographic information system (GIS) database of all locally controlled signalized intersections and their corresponding pedestrian flashers in the MPA. The inventory will include signal controllers, signal conflict monitors, battery backup controllers, stop bar detection, network switches or other networking hardware, and preemption hardware. The GIS database will include traffic signal asset management attributes, such as signal type or model, serial number, general condition, broadband connectivity, firmware version, IP address, approximate age of equipment, ADA compliance, and push-button operation.

While inventorying information at each signal location, the selected Consultant will extract timing plans from each signal box to collect AM and PM timings. Due to local agency staffing constraints, the majority of non-IDOT controlled signal traffic timing was not available for inclusion in the dynamic traffic assignment (DTA) model network in the ABM. Therefore, the selected consultant will export the signal timing in the DTA network to further improve the ABM. TCRPC previously received funding from an IDOT SPR grant to develop the ABM. However, this funding did not include the extraction of signal timing data, and it is now evident that this data is needed.

Following the inventory and signal timing extraction, the selected Consultant will develop the TSAMP for the region, which will include findings and recommendations. While collecting inventory information at each signal location, the selected Consultant will check that the existing vehicle and pedestrian detectors are properly operating. All deficiencies will be noted and included in the TSAMP. Additionally, the consultant will utilize federal, state, and local regulatory-compliant best management practices (BMPs) to calculate appropriate pedestrian walk and clearance intervals, yellow change intervals, and all-red clearance intervals. The BMPs will be compared against existing programming, and discrepancies and recommendations will also be noted in the TSAMP.

Attachment I includes an inventory of locally controlled traffic signals to be included in the TSAMP. Please note that this inventory is a couple of years old and was used for the development of the ABM. Coordination with IDOT will be required to get an updated list.

### **3.0 Submittal Procedure**

All Proposals shall be sealed and identified as Traffic Signal Asset Management Plan and submitted to:

Michael Bruner, Senior Planner  
Tri-County Regional Planning Commission  
456 Fulton Street, Suite 401  
Peoria, IL 61602

Proposals are due no later than noon on Monday, July 22, 2024. No submissions received after that date and time are eligible for consideration by TCRPC. Please include two hard copies and one digital copy. Emailed copies will not be accepted.

#### **4.0 Submittal Format**

The submittal should be as concise as possible, and when printed, shall be a maximum of 20 pages, not including the following:

- Cover page, provided no substantive content is incorporated;
- Table of Contents, provided no substantive content is incorporated;
- Divider/Section Headers, provided no substantive content is incorporated;
- Identification of Projects Table; and
- Resumes of Key Team Members.

To ensure all submittals are formatted similarly, submittals shall use standard 8.5 by 11 inch page size and font no smaller than 10-point, unless otherwise specified. The format of the electronic copy shall be a searchable .pdf and preferably include a searchable bookmark for each subsection of the submittal. The submittal shall be organized in accordance with Section 5.0 Submittal Contents.

Tri-County and its partners reserve the right to reject submittals that exceed the page limit or to remove pages from the sections of any non-conforming submittal to bring it within the required page count. A “page” is defined as one single-sided piece of paper that has words, charts, tables, pictures, or graphics.

#### **5.0 Submittal Contents**

Tri-County requests that interested respondents submit Proposals/Bids discussing the scope of services as described in the above section titled Project Description. Tri-County reserves the right to reject any or all Proposals/Bids or portions of Proposals/Bids if it is deemed to be in the best interest of TCRPC or its partners. Tri-County will only consider submissions limited to 20 pages, not including resumes. The submittal should include the following content:

##### **5.1 Transmittal Letter**

The transmittal letter should be placed on the firm’s letterhead and signed by a signatory that is authorized to contractually obligate the respondent. The letter shall describe the SOQ’s contents, provide a point of contact for questions, and any other information deemed appropriate. Lastly, please supply the location, telephone number, email address, and website of the respondent’s office(s) providing professional services and their federal tax identification number.

## **5.2 Project Work Program (Approach)**

This section should be devoted to discussing the respondent's project understanding of Section 2.0 Project Description and TCRPC's desire to acquire multimodal counting equipment from qualified Contractors. Clearly describe your unique approach, methodologies, knowledge, and capabilities to be selected in the performance of the proposed grant application. The respondent should provide a list of anticipated obstacles, a statement of their understanding of the required work, and confirmation that they and, if applicable, their subconsultant are licensed to practice in Illinois.

## **5.3 Project Capacity and Schedule**

The submission should provide evidence that the recommended team is committed to and has the capacity to complete the proposed project. Please include a general project schedule and estimated completion date with the understanding that the region is eager to move forward with the project as quickly as possible.

This is a time-specific project, and if the selected firm cannot meet set timeframes for the project, then Tri-County has the right to negotiate with a subsequent firm. The selected consultant must complete all project work and invoicing no later than August 29, 2025.

## **5.4 Background and Prior Experience**

This section should describe the respondent's firm by providing its full legal name, date of establishment, type of entity and business expertise, brief history, any business current ownership structure, and any recent or materially significant proposed change in ownership. Please include any business certifications, such as Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Disadvantaged Business Enterprise (DBE), Small Business Enterprise (SBE), etc., with the certifying grantor information. Additionally, this section should describe a minimum of three work experiences that are similar to *Section 2.0 Project Description*. Respondents should provide the names and roles of the individuals who worked on each identified project and distinguish those individuals who would also be assigned to work on this proposed project.

A minimum of three references from the projects outlined above are required. Respondent should provide contact information, including names, phone numbers, and emails of all references. The respondent is responsible for ensuring that contact information for all references is current and correct. The inability to contact a reference and receive feedback may have a detrimental impact on the evaluating background and prior experience. The work

experience and references should be listed in the same order, or references should be included on their associated project page. Please describe any relevant specialized knowledge or any issue the characteristics of which would be uniquely applicable in evaluating the experience of the respondent's firm to oversee the proposed project. Lastly, identify any proposed subconsultant, provide their firm's information (i.e., full legal name, date of establishment, type of entity, brief history, business certification with grantor information, and ownership structure), and outline their background, experiences, proposed project role(s), and their percentage of the total grant award.

The respondent must submit an Identification of Projects Table in the form attached as Attachment II with the required information set forth herein for each project cited or mentioned in the body of the submission. Although it is not necessary to include the projects listed in the resumes if not mentioned in the body of the submission. The Identification of Projects Table may be submitted on an 11 by 17 inch page size. The respondent is responsible for ensuring the contact information contained in their submission is complete and correct. Tri-County and its partners reserve the right to contact any person, client, and/or organization listed in the body of the submission, Identification of Projects Table, or resumes. The identification of Projects Table shall include the following:

- Name of Project
- Name of client
- Client point of contact
- Point of contact job title
- Point of contact current phone number
- Point of contact current email address
- Project location
- Identify project type or provide concise description.
- Key team members involved in the project.
- Identify who completed the project: Consultant, Sub-Consultant, or Key Team Members Prior Experience.

## **5.5 Project Management and Team**

Respondents should identify staff members, including those of any proposed subconsultant, who would be assigned to act for the respondent's team in key positions. Provide project roles and functions to be performed by each individual and indicate if they worked on any of the projects detailed under the Background and Prior Experience section.

This section should also include the resumes of each staff member assigned to the project team identified above, including name, position, telephone number, email address, education, and years and type of experience. Describe, for each such person, the relevant planning projects on which they have worked. If using a subconsultant, include this information for each subconsultant. Lastly, provide confirmation that the respondent and assigned project staff have not had a record of substandard work or engaged in any unethical practices within the last five years.

**5.6 Additional Strategies (Optional)**

Additional services, ideas, innovation, or products, such as graphic design, cost-saving measures, safety measures, outreach methods, accessibility, DBE/WBE/MBE usage, etc. will be considered in the evaluation process. Up to five extra points are available to respondents that deploy strategies that exceed the established requirements detailed in this procurement opportunity that positively benefit TCRPC and its partners. This section is not required for successful completion of this procurement opportunity.

**6.0 Selection Criteria**

Tri-County and its partners reserve the right to accept or reject any or all submittals. All submittals become the property of TCRPC and its partners upon receipt. A Project Review Subcommittee comprised of representatives from Tri-County and its partners will evaluate each proposal according to the following factors and 100-point scale:

<b>Criteria</b>	<b>Weights</b>	<b>Max Points</b>
Project Work Program (Approach)	30%	30
Project Capacity and Schedule	15%	15
Background and Prior Experience	25%	25
Project Management and Team	30%	30
Additional Strategies (Optional)	0%	5
<b>Total</b>	<b>100%</b>	<b>100*</b>

\*Please note that 100 points is the maximum allowable.

**7.0 Selection Process**

Tri-County and its partners will form a Project Review Subcommittee with a minimum of three members to review, score, and rank all submittals received by the deadline. Before holding the Selection Committee meeting, each member will provide their scores for each submittal using the above criteria. The subcommittee will then average their scores and rank the submittal. If necessary, the top two or three scoring respondents will be placed on a shortlist and invited to participate in an interview. Based on the interviews, the committee will adjust the average score to reflect the group's consensus and information gained from the presentations.

Tri-County and its partners retain the right to select from the consultants responding to this procurement opportunity. Any or all submissions may be rejected if they do not meet the Project Review Subcommittee’s criteria or fail to comply with procurement specifications. Tri-County and its partners ARE NOT bound to select the highest-scoring submission. Tri-County and its partners reserve the sole right to invite one firm to the contract development stage or to reject any and all candidates that submit. Tri-County also retains the right to withdraw this procurement opportunity at any time.

Contract negotiations will follow with the selected respondent to establish a detailed scope of services, budget, and schedule. If a mutually agreeable contract is not reached, Tri-County will terminate negotiations with that respondent and open negotiations with the second-choice firm. This process will continue until a firm that meets the basic qualifications has entered into an acceptable contract with TCRPC.

### **8.0 Contract Negotiations**

Contract negotiations will follow award selection. Respondents must be amenable to inclusion, in a contract, of any information provided, whether herein or in response to this solicitation or developed subsequently during the selection process. As part of the selection process, Tri-County will invite the selected respondent to submit a written Scope of Work with a fee proposal and, if accepted, ask them to enter into contract negotiations. Tri-County expects to use a fixed-price contract with negotiated payment terms. The contract shall not be considered executed unless signed by the authorizing representative of TCRPC.

### **9.0 Compliance with Laws**

The selected firm agrees to be bound by all applicable federal, state, and local laws, regulations, and directives as they pertain to the performance of the contract.

### **10.0 Schedule**

RFP Issued	Friday, June 28, 2024
Question Deadline for RFP	Wednesday, July 17, 2024, at 3:30 p.m.
Response Deadline for RFP	Monday, July 22, 2024, at noon
Subcommittee reviews submissions	July 23 – August 2, 2024

### **11.0 Communication**

In order to ensure the integrity of the procurement process and prevent undue influence prior to contract award, Respondent are only authorized to communicate in writing to TCRPC by email, mail, or in-person with the person identified in the Submittal Procedure section or email address provided for submitting inquires in the below Questions section.

Respondents shall not, prior to Award, contact or communicate, either verbally or in writing, with any TCRPC or Partners officials, personnel, or consultants for the purpose of discussing the requirements of the procurement documents or the procurement process, other than the methods identified above. Unauthorized communication by a Respondent in violation of the foregoing may be cause for disqualification and/or rejection of the submission.

## **12.0 Posting**

This procurement opportunity is advertised in local newspapers (Peoria Journal Star & Pekin Daily Times), the American Planning Association National Website, and the American Planning Association Illinois State Chapter Website. Additionally, this solicitation will be sent to consultants who subscribe to Tri-County’s procurement email list. The procurement packet, along with any questions received regarding this procurement opportunity, is available on the TCRPC website: <https://tricityrpc.org/rfp-rfq/>.

A Respondent who chooses to download a procurement solicitation will be responsible for checking TCRPC’s website for clarifications and/or addenda. Failure to obtain clarification and/or addenda from the aforementioned website shall not relieve Respondent from being bound by any additional terms and conditions in the clarifications and/or addenda, or from considering additional information contained therein in preparing a submission.

Please note there may be multiple clarifications and/or addenda. Any harm to the Respondent resulting from such failure shall not be valid grounds for a protest against award(s) made under the solicitation. All Respondents are responsible for obtaining all procurement materials.

## **13.0 Questions**

Inquiries may be submitted via email to [rfp-rfq@tricityrpc.org](mailto:rfp-rfq@tricityrpc.org) no later than 3:30 p.m. on Wednesday, July 17, 2024. Questions should be addressed in writing to the above email address; telephone calls will not be accepted. All questions and answers are posted publicly at <https://tricityrpc.org/rfp-rfq/>.
